The planning application ref: 17/02075/FUL - Conversion of the mill building and construction of a 66 bed care home, 39 assisted living units, 19 family houses and 12 affordable homes was submitted to Winchester City Council (WCC) in 2017. It is our understanding that the application was validated on 14th August 2017 and is currently lodged with WCC and the decision on the application is outstanding.

A Certificate of Lawfulness 14/02944/LDC was issued on 15 June 2015 implementing planning permission 10/01650/FUL For the ‘Erection of retail store and doctors surgery with undercroft car parking; refurbishment of existing mill building for 3 no. residential flats and ancillary store uses; associated landscaping, access works and linkage improvements.

Bishops Waltham is one of the principal Market Towns within Winchester District, and has been identified within the adopted Local Plan Part 1 as a location for future growth during the Plan Period.

As per the former 2006 Local Plan, the site was allocated by Policy S.3 for mixed used development including employment and residential, and was subject to a Planning Application (Ref 07/01188/FUL) for the construction of new offices/ workshops and 70 residential dwellings approved in January 2008.

An application to extend this permission was submitted in November 2011, but has remained undetermined. In light of the change in Policies via the Local Plan Part 1, particularly affordable housing provision, it is unlikely this extension of time application will be approved.

In July 2010, a Planning Application (Ref: 10/01650/FUL) for the erection of a retail store, doctors surgery and refurbishment of the existing mill for 3 residential units was submitted and subsequently approved in December 2011 in the context of the mixed use allocation as per the 2006 Local Plan. A Certificate of Lawfulness to record the implementation of this permission was submitted in 2014 and approved on 15th June 2015, confirming the lawful use of the site at present.

Abbey Mill remains an important future development site within the town of Bishops Waltham, and has witnessed a number of planning applications in recent years promoting alternative mix use schemes. While the land does not benefit from a specific allocation within the Local Plan Part 1, it remains within the settlement boundary of Bishops Waltham and thus benefits from a presumption in favour of development. Any future Planning Application will need to consider the Policies as contained within the Local Plan Part 1, and should be
