500 Capability Green was constructed in 1989 and provides 78,720 sq ft of Grade A headquarters office accommodation arranged on ground and two upper floors. The building is of steel frame construction with brick and stone clad elevations and sits on a site of approximately 2.06 ha (5.1 acres).

Internally the building is designed as two ‘L’ shaped blocks around a central full height atrium with the upper floors served by two x 10 person passenger lifts. The specification includes VAV air conditioning, fully accessible raised floors and suspended ceilings incorporating LED lighting. The building affords excellent on-site car parking with a total of 378 spaces which equates to a ratio of 1:210 sq ft and there are an additional 10 visitor/disabled spaces located at the front of the building.
Capability Green's Location offers arguably the best transport links in the region.

Capability Green is a high quality business environment which is widely recognised as the leading business park in the lower M1 corridor. The Park extends to 85 acres and provides approximately 1 million sq ft of high specification offices with additional health club and restaurant facilities.

Capability Green is located 1.5 miles east of junction 10 of the M1 and is only 2 miles from Luton town centre, which is 33 miles north of central London.

The £30 million junction 10a improvements scheme was opened on 20 July 2015 which has greatly improved access to Luton Airport and Capability Green.

Luton Airport has begun investing £110 million to transform the airport by 2020. As well as delivering major improvements for passengers, the proposed redevelopment will increase capacity from 12 million to 18 million passengers per year.
