## MODERN LIVING HISTORIC BUILDING

WELCOME TO LOFT HOUSE WHERE  
MODERN LIVING MEETS A PART OF  
BRISTOL'S HISTORY.

The conversion of the Grade II listed Brunel House into sixty 1, 2 and 3 bedroom homes sets the standard in the regeneration of a landmark building. Stylish, distinctive and chic; combining the best of contemporary internal design and specification with a superb location in the increasingly popular Bishopston area of Bristol, just a 10 minute walk from Gloucester Road.

SPACE  
LIGHT  
&  
HISTORY

---

Loft House is an historic building which was originally designed as one of many orphanages run by Christian evangelist George Muller, it was later named Brunel House and used as a college. Built in the 1850s its imposingly symmetrical structure with grand and elegant sash windows, deep overhanging eaves and dressed Bath Stone features embodies the confidence and certainty of the Victorian era.

The generous floor to ceiling heights in Loft House presented a wonderful opportunity to create multi level homes incorporating mezzanines, galleries and double height living spaces, providing exciting interiors with rich spatial interplay. The original windows will be renovated, weather-stripped and supplemented with secondary glazing providing both sound and thermal insulation.

The walls will be insulated and the properties will be heated by a modern, efficient centralised system, to provide a comfortable living environment. The historic stone walls, lintels and cills will be repaired and replaced. Original features such as roof trusses, ornate ironwork grilles, window panelling and built-in cupboards are being retained. The extraordinary cantilevered stone staircases in the communal areas are being extensively restored.

Space, light and history are brought together by Acorn and their design team at Loft House to create a unique place to live and treasure.

## MAKING A STATEMENT

Space and light are the perfect ingredients for modern living. Loft House has been cleverly converted to maximise the use of both, creating light and airy apartments, many with double height ceilings or floor to ceiling glazing.

The mix of 1, 2 and 3 bedroom apartments, duplex apartments and houses, retain many of the original features including original solid wood parquet flooring in communal areas.

The thoughtfully landscaped courtyard and gardens perfectly complement this grand revitalised building.
