A family run company in business for over 35 years, we've built over 2,500 homes across Dublin, each one of which received the care and attention only Twinlite can provide. Further afield we've created award winning office buildings including the global headquarters of Prudential plc in London. We take our time doing things right and while that may mean that we won't be the biggest property company around, for us that doesn't matter, because we just want to be the best.
