Situation

Saint Tropez is now universally known as one of the most exclusive locations in the world. It all began as a small sleepy fishing village and commercial port.

It was the appearance of Brigitte Bardot in the Saint Tropez that truly pushed the town to the height of its fame and set the trend for it being the ultimate summertime destination for the jet-set where we have our luxury apartments and villas in and around the village. The contrast between celebrity playground and quiet French community gives Saint Tropez a dual personality and certainly contributes to its charm.

The balance between luxury services and typical French village life suits many of our property owners in the area, granting them a taste of France without renouncing the best in quality and exclusivity.
