About this property

Chalet Digby is a delightful five bedroom chalet which was designed and constructed in 2005 by renowned Verbier architecture firm Cittolin Polli.

The raised ground floor entrance hall is to the rear of the chalet. This leads to a magnificent open-plan living room and kitchen with local stone flooring and an open fireplace. An exposed ceiling and wooden beams throughout provide an authentic alpine feel and a large half-moon window, which leads to a south-facing terrace, fills the whole room with natural light. The panoramic views of the surrounding area and Verbier mountain ranges from the terrace are simply stunning.

The middle floor comprises the master bedroom and a second double bedroom, both en suite and with access to a balcony. The spacious master bathroom benefits from with a separate bath and shower / steam room, while the bedroom itself has a fashionable mirror which doubles as a television. The impeccable use of space in this chalet is demonstrated on this level where there is an in-built study area and additional storage. The remaining three bedrooms are on the lower ground level, one of which is en suite, with the other two sharing a family bathroom. Access to a private garden area and Jacuzzi with fantastic views is from this level. A TV snug has been created in the hallway of this floor.

Chalet Digby shares a luxury communal area with an adjoining and neighbouring chalet. This area includes a private technical room with additional storage and a private laundry room with a separate wine cave. There is also a gym, sauna and a fantastic indoor swimming pool with unrivalled mountain views. A large sliding glass door leads out to a terrace with a sunken Jacuzzi. The communal parts are in excellent condition and are well looked after by a caretaker who lives in the apartment co-owned by the three chalet owners. The chalet comes with four parking spaces in a shared underground car park, where there is also a private ski room.

Conveniently located adjacent to Brunet, the Savoleyres and Le Rouge ski lifts are easily accessible. There is a bus stop nearby for those who would prefer not to walk.

Chalet Digby is classified as a second home and is also available for non-Swiss residents. It is for sale for the first time since it was built 12 years ago. This is a rare opportunity to acquire a fantastic family chalet in one of the world's premier ski resorts.
